

Dr. Dariush Mowla Scholarship

Professor Dariush Mowla was born on April 9, 1952, in Shiraz. He obtained his Bachelor's degree in Chemical Engineering from Shiraz University in 1977. He then continued his studies in France, earning his Master's and Doctorate degrees from the Institut Polytechnique de Toulouse. After returning from France, he joined the Chemical Engineering Department at Shiraz University in 1983

In 2019, Professor Dariush Mowla was honored as the Distinguished Professor of Chemical Engineering by the Academy of Sciences of the Islamic Republic of Iran. Among his other accolades, he has served as a visiting professor at the University of Oklahoma, the University of Queensland in Australia, and the University of Toronto in Canada. His achievements also include chairing the Chemical Engineering Department, serving as the Vice Dean for Research at the Faculty of Chemical, Petroleum, and Gas Engineering, directing the Environmental Research Center in the Oil, Gas, and Petrochemical Industries, and pioneering the Environmental Engineering discipline at the master's level

Professor Dariush Mowla continues to contribute to the Faculty of Chemical and Petroleum Engineering at Shiraz University
